

LED Display Light

Don't be limited by power

- The NEW, sleek 50 Watt LED display light is here!
- Brighter and wider than the conventional 300w display light
- Low power usage, low heat, high output
- Great even coverage
- Excellent colour rendering brings out the best in the artwork
- New clamp design makes attaching this unit to display boards easier than ever before
- Up to 48 units per standard power circuit

Hire Rates:

- \$200 for a pack of 10 units includes cables, clamps, and accessories
- \$25 each

*Prices are based on a one day hire.
Prices are GST inclusive.*
